

AFRICAT

OKONJIMA AND THE AFRICAT FOUNDATION'S MISSION IS TO MAKE A SIGNIFICANT CONTRIBUTION TO CONSERVATION THROUGH EDUCATION

We will continue to strive towards the long term survival of Namibia's predators in their natural habitat. We aim to achieve this by working with commercial farmers, local communities, communal conservancies, any stakeholders, and the youth of Namibia.

AfriCat supports environmental education at all ages and levels of education, rehabilitation programmes, provides solutions to human-wildlife conflict issues and conducts constructive wildlife research.

Tourism funds and supports the majority of AfriCat's Education & Conservation work.
