Okonjima is investing into the guest experience through an enhancement of the Okonjima Nature Reserve.

2021 & 2022 will see a re-staffing of the Reserve, especially in the areas of infrastructure, anti-poaching, and research.

These additional resources promise to enhance the overall guest experience, as well as contribute substantially to expanding research findings and exposing Namibia's veterinarian and environmental studies students to hands-on field work.

These enhancements will serve to further underscore Okonjima's endangered species management programme, and solidify Okonjima's reputation in Namibia.

Okonjima reserves the right to amend these rates as and when necessary.
