Simple Guidelines and Bush Rules:

All self-guided walking trails are hiked at your OWN RISK.
Please inform the 'reservation desk' which trail you are going to hike, before you depart. Take your cellphone along:
Emergency No: +264 81 758 0093 OR +264 81 845 8166

- Please take WATER along!
- We recommend that you take a walking stick along.
- NO SMOKING - bush fires kill!
- Please do NOT LITTER!
- Please do not leave your toilet or tissue paper in the veldt - leave only footprints & take only photographs!
- Please do not remove any rocks, fauna or flora from the area.
- A good tip for the bush: Do not use earphones while hiking. It is important to be able to hear an animal or snake, before you see it.
- Be aware of snakes. Look where you put your feet and hands.
- Respect all wildlife. Do not throw stones at any animal.
- Please report any strange animal behaviour to the manager of the Camp you are staying at.
- Stay in the cleared pathways, follow the signs - it's easy to get lost.
- Do not walk in front of large holes in the ground. These could be homes to warthogs.
- If you approach a 'termite mound' - please make sure it is an 'active' mound. (Deserted mounds have numerous holes & could be inhabited by snakes)
- Please refrain from running. Young children running can 'attract attention'.
- Do not forget to look for animal tracks. Try to identify them.

Enjoy your hike!

water! long pants! rest! good shoes! health snack!

Leopard Loop

2.1 km

The perfect 1hour hike up the Okonjima North Hill, to see the sunrise or the sunset. It's a rocky hike with a beautiful view over the ONR.
!Lodge Guests: Walk the last half of the trail on a flat road, on the southern edge of the hill, back to your vehicle.
!Campers: Start this trail from the campsite swimming-pool, up to the Day Centre. Then walk the marked trail, passing the DC. Hike along the southern edge of the hill and then climb Leopard Loop. Return to Camp, by hiking down the hill and down to the campsite swimming-pool.

LODGE GUESTS TAKE NOTE :
Once you have completed the LEOPARD'S LOOP you can hike the CHACMA TRAIL as well. (START|END — back at your vehicle) (total distance 5.1Km)

CAMPERS TAKE NOTE:
LEOPARD'S LOOP starts at the campsite swimming pool — Campers can join the CHACMA TRAIL, half way along LEOPARD'S LOOP, (see Chacma 'Parking' position on map) and return to camp, via the rocky, mountain section of Leopards' Loop. (total distance 5.2Km)
